

# Request for Missing Fishing License Data

Dear DFO or assigns,

This message has been sent to request your assistance in updating and providing missing data fields for certain fishing license records which we requested as of date **2022-12-05** that we received from the Department of Fisheries and Oceans (DFO) under the Freedom of Information Act with file name as **file3**. We require this information to ensure the accuracy and completeness of our records.

Please find below the list of license IDs with missing fields, along with the specific data fields that need to be updated.

We kindly ask you to review and update the information for the licenses listed below. In case there is a reason for the missing data, such as a harvester not having paid their dues yet, or the licenses being inactive, we would appreciate it if you could provide an explanation. As this message has been generated automatically, we request your prompt attention to this matter.

Should you have any questions or require further clarification, please feel free to reach out to us through our contact information provided below.

Thank you for your cooperation.
